TERMS OF SERVICE

INTERNATIONAL BOOKING

TRANSPORTATION

The costs associated with transportation to and from the destination are covered by the client. I personally handle the purchase of flight tickets, and the transportation cost (after approval by the client) will be added to the final amount for the provided services.

ACCOMMODATION

The costs associated with accommodation are covered by the client. For European Union countries, I require accommodation for 2 nights (1 night before and 1 night after the event). For countries outside the European Union, I require accommodation for 4 nights (2 nights before and 2 nights after the event). The hotel should be at least 4-star or of a similar category.

EVENT

TECHNICAL REQUIREMENTS

The sound system and, if necessary, the lighting must be provided at the venue by the client or a third party. From my controller, I provide 2x XLR output. I also supply 1 wired microphone and 1 wireless microphone.

SERVICES

At international events, I perform only as a DJ, not as an English-speaking host. If there are guests from Slovakia or the Czech Republic at the event, hosting in Slovak can be arranged upon agreement.

PAYMENTS

To reserve a date, it is necessary to pay 50% of the agreed amount + 100% transportation and accommodation as a down payment. Payment can be made by bank transfer in EUR, USD. For the USA via Venmo and Zelle, or in cryptocurrencies Litecoin, Ethereum, XRP (+3%). The rest of the amount is paid after the event.
